4. A Skeptic's Delusion

I believe that it's meant to be
You lack faith and I'm on my knees
You don't seem to care for my beliefs

You've always been a skeptic
I've always been a dreamer
You've always been a doer
I've always been a thinker

I believe that the time has come
I think you should know by now
Everything is meant to change

5. Journey To Space
